

SPOTLIGHT ON

PRIS 2024

SCHOOL OF ENGINEERING

JOIN US

29 - 30 OCT

pris.ukzn.ac.za

For the past 13 years the Postgraduate Research and Innovation Symposium (PRIS) has been used to showcase postgraduate research in the College of Agriculture, Engineering and Science (CAES). This communique spotlights research from the School of Engineering (SE)

“The School of Engineering is home to postgraduate research of a high standard producing quality graduates and scholarly publications. I take this opportunity to congratulate our students and their supervisors and look forward to their research presentations at PRIS 2024.”

Professor Glen Bright
Dean and Head of School

ORAL PRESENTATIONS | 29 OCT |
09h50 - 15h30

FLASH PRESENTATIONS | 30 OCT
| 09h00 - 12h00

POSTGRADUATE RESEARCH PROJECTS

Ms Bokang Sithole

Ms Bokang Sithole's research addresses South Africa's energy crisis, focusing on the potential of small-scale run-of-river (RoR) hydropower plants to provide a sustainable and cost-effective solution.

Mr Ipoteng Justice Mphahlele's research focuses on developing sawdust-reinforced polypropylene (PP) composites to enhance the material's properties for practical applications, particularly in the building industry.

Mr Ipoteng Mphahlele

PROGRAMME

Dr Mteto Nyati
Keynote Speaker,
PRIS

Dr Ntsapokazi Deppa
Keynote Speaker,
UUW Session

Professor Andrew Swanson
Keynote Speaker,
Gala Dinner
