

SPOTLIGHT ON

PRIS 2024

School of Life Sciences

JOIN US

29 - 30 OCT

pris.ukzn.ac.za

For the past 13 years the Postgraduate Research and Innovation Symposium (PRIS) has been used to showcase postgraduate research in the College of Agriculture, Engineering and Science (CAES). This communique spotlights research from the School of Life Sciences (SLS)

Professor Gueguim Kana
Academic Leader of Research

“At the School of Life Sciences, we champion innovation and aspire to a future shaped by our groundbreaking scholars. Our strategic goals, from fostering research excellence to cultivating future leaders, reflect our commitment. I would like to congratulate our students and their supervisors, and look forward to seeing their research presented at PRIS 2024.”

ORAL PRESENTATIONS | 29 OCT |
09h50 - 15h30

FLASH PRESENTATIONS | 30 OCT
| 09h00 - 12h00

POSTGRADUATE RESEARCH PROJECTS

Ms Suveena Govender

Ms Suveena Govender's master's research addresses the growing concern of antibiotic-resistant microbes (ARMs) in wild aquatic populations, focusing on their presence in fish species from the Msunduzi River in KwaZulu-Natal.

Ms Caitlyn Gobey's master's research focuses on improving bioethanol production from sugarcane molasses, a crucial step towards sustainable energy solutions.

Ms Caitlyn Gobey

PROGRAMME

Dr Mteto Nyati
Keynote Speaker,
PRIS

Dr Ntsapokazi Deppa
Keynote Speaker,
UUW Session

Professor Andrew Swanson
Keynote Speaker,
Gala Dinner
